

ANAS AHMED ALSAYED ALRAYES

High-Achieving Secondary School Graduate | General Track

Jeddah, Saudi Arabia | Egyptian National | +966 54 358 5076 | anas.alrayes1@gmail.com

A high-achieving secondary school graduate (99.44% average) who, through years of self-directed learning and AI-assisted development, builds fully functional software independently — not as an exercise, but to solve real problems in productivity, automation, and daily life. National-level competition honors and 235+ certified volunteer hours reflect the same discipline brought to every project, technical or community-related.
